

# Convertible Table Cover Set-up Instructions

(converting from a 8' throw to 6' fitted cover or from a 6' throw to a 4' fitted cover)

- Step 1. Unfold table throw. Place table throw over 6' table. Position table throw with top seam at rear of table (as seen in fig. 1).
- Step 2. Grasp the velcro tab closest to front of table. Align fabric (as seen in fig. 2) and begin rotating fabric toward the back of the table (as seen in fig. 3).
- Step 3. Wrap throw tightly around top edge of the table. Attach velcro hook tab to velcro loop table on back of throw. Repeat process for other side of throw.
- Step 4. Attach remaining velcro hook tab (as seen in fig. 4) and attach to velcro loop tab found underneath the top, back edge of table throw. Repeat process for other side of throw. The remaining fabric will be gathered neatly (as seen in fig. 5).
