Artwork is maximized to fit within the allowable imprint area.

PLEASE NOTE: The low resolution copy of your artwork used on this order confirmation is in NO way intended as a color accurate proof therefore NO guarantee is made that the colors represented here, whether printed or viewed on screen, will match your final printed colors. Unless specific PMS colors are requested in writing, we will print using the CMYK color values embedded in your file. RGB colors converted to CMYK values may produce unexpected color results. All PMS colors specified in your original file are digitally converted and reproduced in process color using industry standard Pantone® Color Bridge™ CMYK values. Pantone's CMYK colors are not an exact match to their solid spot color equivalents, therefore no guarantee is made that your final printed colors will be an exact match to a specified PMS spot color. For more information on Pantone's® Color Bridge™ color matching, go to www.pantone.com
